After spending 2 years at Eastern Illinois University in a pre-med studies program, Dr. Kersey's interests moved to the field of psychology. It was then that he decided to go to the University of Illinois to complete his undergraduate studies and graduate with a B.S. in Psychology. The following year Dr. Kersey entered the National University of Health Sciences, and, through an accelerated program finished in just under 4 years with an acupuncture certification, a B.S. in Human Biology and a Doctorate in Chiropractic Medicine.

Within the next year he started post-graduate work in many fields of natural and holistic healing, including seminars in Canada, the U.S., Austria, and Germany as well as opening a multi-disciplined Primary Health Care and Research Clinic with a full time P.A. and R.N.

Kramer, Langreder, Maschke, Morell, and Dr. Walter D. Sturm (the director of OIRF).

His dedication and drive to always give his patients the most advanced, complete care available anywhere led to the mastery of such modalities and healing systems such as Neuro-Emotional Technique, various types of magnetic and electromagnetic healing devices, E.D.S., VEGA Test, RM10S and MORA, Rife Technologies, N.L.P., Multidimensional work, Spirit Release Therapy, Clinical Hypnotherapy, a highly advanced type of whole body spinal re-integration technique known as Integrator Method, Ayurvedic and Eastern healing concepts, Harmonic Translation and other Energy Spectrum Analysis devices such as the SE-5 subtle energy diagnostics, as well as many energy-based healing systems too numerous to mention, such as color healing, Color Harmonics, healing with tone, Intense Pulsed Light Lymphatic Drainage, and the ancient art of Kofutu, a system similar to Reiki.

For 3 ½ Dr. Kersey also taught several Alternative Medicine courses at Everglades University, and has also taught at Florida College of Integrative Medicine.

Dr. Kersey is also preparing a major release of his latest book, "Biotheric Energy Medicine", an extraordinary new system that can restore balance back to our lives on all levels

Dr. Kersey's 35 years of private practice as well as his diverse background allowed him to develop what is now known by many as Biotheric Energy Medicine. In developing this amazing system, he was able to draw from his vast background in healing that included protocols and adjuncts such as various types of body work, music therapy, various color healing systems, NeuroEmotional Technique, E.F.T., Nutritional Evaluation (utilizing both Applied Kinesiology as well as laboratory analysis), Iridology, Urine/Salivary hormone and neurotransmitter assays, Computer Assisted Subtle Energy Diagnostics, Quantum Reflex Analysis, Biomagnetic Analysis and treatment, Chakra Balancing, Food Allergy assessment and Body Type analysis, Human Design, and Enneagram.
